

2021

Instructions for requesting Data Room sessions for the Colombia Round 2021

The data, and in general the information used in the technical evaluation of the areas will be exhibited to those interested in knowing and examining them, with the assistance and technical support of specialized personnel of the ANH, who will answer any doubts and concerns that may arise in the corresponding Data Room sessions.

For such purpose, the ANH has provided activities, tools, information, as well as the due accompaniment, in Data Room sessions, during the period foreseen in the same Schedule to carry them out.

The consultation and preliminary evaluation of the technical information of exploration and development may be carried out in self-assisted sessions or in virtual sessions directed according to the particular interest of the company.

Self-assisted virtual sessions:

Through the activation of one (1) user account per legal entity interested in visualizing the technical information and interactive projects in Petrel, so that they can access from any computer or mobile device to the technological platform provided by the ANH, for a term of up to twenty-four (24) continuous hours from the beginning of the session.

Guided virtual sessions:

They will be directed by geologists of the Technical Vice Presidency of the ANH, who will make presentations of the opportunities identified by the Entity and will address the concerns of the Interested Parties, in addition to displaying the technical information and the interactive projects in Petrel.

If more time is required, it must be specified in the request, and its acceptance will be subject to the availability of the Agency.

These virtual sessions will be recorded in a document signed by the parties, in which an account of what happened at the meeting will be made.

Common rules:

If more time is required, it must be specified in the application. Acceptance is also subject to the Agency's availability.

The number of sessions per interested party will depend on the availability of time to attend all of them on an equal basis.

The ANH has scheduled activities of permanent attention to the Data Room as of now.

To schedule sessions for the Data Room, the authorized representative of the legal entity with interest must send the request by e-mail to dataroom@anh.gov.co, with the following information:

1. Name or corporate name of the applicant legal entity.
2. Main address (city and country)
3. Address, telephone numbers and e-mail address.
4. Name and identification of the representative authorized to formulate the request.
5. Tax Identification Number, NIT, if the legal entity is subject to taxes in Colombia.
6. Type of session required: **(I)** In person in Bogota, or **(II)** Virtual.
7. Full name and identification of the potential user(s) of the Data Room service.
8. Date or tentative dates of interest.
9. Mention the area(s) of interest.
10. Number of sessions for which the applicant legal entity is interested.

From the receipt of the corresponding request, the ANH has a term of two (2) business days to respond by e-mail, indicating the date or dates and times assigned for the corresponding session or sessions

Any concerns regarding the technical information should be made in writing and sent via email to the same address dataroom@anh.gov.co

Self-assisted and Data Room assisted virtual sessions are offered for Qualified Participants interested in reviewing the technical information of the Colombia Round 2021.
