Proyecto de resolución:	"Por la cual se liquidan las regalías y compensaciones definitivas generadas por la explotación de hidrocarburos durante los meses de abril, mayo y junio de 2013."		
Análisis de las normas que otorgan la competencia	Conforme a lo previsto de manera expresa en el Numeral 11 del Artículo 4 del Decreto Ley 4137 de 2011, es función de la ANH liquidar las regalías y compensaciones monetarias generadas a favor de la Nación por la explotación de hidrocarburos; función que se replica en el Numeral 11 del Artículo 3 del Decreto 0714 de 2012 y, que está igualmente contenida en el Artículo 14 de la Ley 1530 de 2012		
Vigencia de la Ley o norma reglamentada o desarrollada	Tanto el Decreto Ley 4137 de 2011 "Por el cual se cambia la naturaleza jurídica de la Agencia Nacional de Hidrocarburos - ANH", como Decreto 0714 de 2012 "por el cual se establece la estructura de la Agencia Nacional de Hidrocarburos - ANH y se dictan otras disposiciones" y la Ley 1530 de 2012 "por la cual se regula la organización y el funcionamiento del Sistema General de Regalías" se encuentran actualmente vigentes.		
Disposiciones derogadas, subrogadas, modificadas, adicionadas o sustituidas	No aplica.		
1. Antecedentes y razones de oportunidad y conveniencia que justifican su expedición.	Realizar la liquidación de regalías y compensaciones que se generan por la explotación de hidrocarburos es un imperativo legal, en desarrollo del cual mensualmente deben efectuarse liquidaciones provisionales y éstas se deben consolidar en la liquidación definitiva del trimestre (Resolución 174 de 2012). La ANH en cumplimiento de dicha función efectuó las liquidaciones provisionales de regalías y compensaciones de los meses de abril, mayo y junio de 2013 y, también en cumplimiento de función legalmente asignada, con base en dichas liquidaciones efectuó el recaudo de las regalías y compensaciones y transfirió al Sistema General de Regalías los recursos recaudados. Transcurrido el segundo trimestre del año 2013, se debe proceder a efectuar los ajustes a que haya lugar respecto de las liquidaciones provisionales efectuadas y a emitir la liquidación definitiva de los meses de abril, mayo y junio de 2013, liquidación que se encuentra contenida en el proyecto de resolución que se anexa, con base en la cual, una vez en firme, se procederá a liquidar las participaciones de los beneficiarios directos de dichas regalías y compensaciones, que corresponden al 22.9% del total de las regalías generadas por la explotación de hidrocarburos en el período en cuestión.		
2. Ambito de aplicación del respectivo acto y los sujetos a quienes va dirigido.	Toda vez que se trata de la liquidación definitiva de regalías generadas por la explotación petróleo y gas durante el segundo trimestre de 2013 en el país, estamos ante un acto administrativo de aplicación nacional. Sin perjuicio de lo anterior, el acto debe notificarse a las empresas con las cuales la Agencia tiene vigentes contrato de compraventa de crudo de regalías y participaciones de la ANH o acuerdos para la comercialización del gas natural de propiedad del Estado y de las Participaciones de la ANH y a las empresas operadoras de los campos cuyas regalías son recaudadas en dinero por la ANH, en orden a darle firmeza a dicha liquidación, para proceder posteriormente a efectuar la liquidación de las participaciones de los beneficiarios legalmente establecidos en dichas regalías.		
3. Viabilidad Jurídica	Teniendo en cuenta que la Resolución se debe expedir en cumplimiento de mandato legal que establece la competencia para el efecto en cabeza de la ANH y que cumple con los parámetros establecidos en la Ley y se sujeta a la metodología establecida por la Agencia en las Resoluciones 411 y 412 de 2013 para la determinación del Precio Base de Liquidación de Regalías para petróleo y gas, respectivamente, durante el año 2013, el proyecto es viable jurídicamente y se considera que el Presidente de la Agencia puede proceder a expedirla.		
4. Impacto económico si fuere el caso (Deberá señalar el costo o ahorro, de la implementación del respectivo acto.)	La liquidación definitiva de regalías generadas por la explotación petróleo y gas durante el segundo trimestre de 2013 en el país consolida las regalías del período y, una vez en firme y publicada, como se anotó anteriormente, da certeza sobre las regalías de dicho trimestre y proporciona la base para la ANH proceda liquidar las participaciones de los beneficiarios directos de dichas regalías y compensaciones, que corresponden al 22.9% del total de las regalías generadas por la explotación de hidrocarburos en el período en cuestión, lo cual permite a cada una de las entidades territoriales beneficiarias certeza sobre su participación definitiva en dichas regalías y compensaciones.		
5. Disponibilidad presupuestal	No aplica.		
6. Impacto medioambiental o sobre el patrimonio cultural de la Nación.	No aplica.
